

PRODUCT DESCRIPTION

Quality ingredients scientifically formulated and prepared in pellet form, are an economical choice, suitable to be fed as a supplementary feed to both growing and breeding Emus. Emus should have unlimited access (feed adlib) to RIVERINA EMU PELLETS

It is produced in a pellet form so that feed wastage is minimised, digestibility is improved and so that a consistent intake of nutrients essential for growth and breeding performance are achieved. (Note: there is no separation with pellets). This feed is formulated in accordance with current research in nutrition and is mixed from a variety of quality raw materials.

COMPOSITION

- Base grain as depicted seasonally, and therefore proportions may vary.
- Wheat, maize, sorghum, bran and pollard, a combination of protein meals (pulses, cottonseed meal, soyabean meal, meat meal), vegetable/animal oil, limestone, sodium bicarbonate, salt, choline chloride, added lysine and methionine, Riverina Vitamins and Minerals.

DIRECTIONS FOR USE

- Environmental conditions including temperature and hygiene are of vital importance to ensure good performance of breeding and growing stock. This feed is a supplementary feed and the addition of lucerne chaff/hay and adequate pasture is necessary.
- Emus should have unlimited access (feed Ad lib.) to RIVERINA EMU PELLETS.
- Feed intakes will vary with the size and age of the birds, season, housing conditions, disease status and other environmental conditions.
- It is important to change the feed regularly so it remains fresh and palatable.
- It is very important that birds have clean, cool, fresh water available at all times.

TECHNICAL RELEVANCE

- Contains digestible ingredients.
- Protein meals providing natural sources of essential amino acids. Plus added lysine and methionine to balance essential nutrient requirements.
- Contains essential vitamins and minerals.

SPECIAL FEATURES

SUPPLEMENTARY FEED

- Supplies essential nutrients for growth and breeding performance.

IN PELLET FORM

- Eliminates separation that can occur with mash/meal type feeds. Improved digestibility. Consistent nutrient intake.

QUALITY PRODUCT

- Manufactured to strict quality control standards.

PRECISE FORMULATION AND MIXING

Formulated in accordance with current research in nutrition and mixed from a variety of quality raw materials.

WITHHOLDING PERIOD

Meat. Nil. Eggs. Nil.

STORAGE

Cool, dry conditions, away from vermin.

EXPIRY AFTER MANUFACTURE

3 months from the date of manufacture.

PACK SIZE

20kg, woven polypropylene bags.

Or

Bulk loads: Contact your local Riverina Sales Representative for details.

ISO 9001 & HACCP Certification
Lic. HAC 00160
Standards Australia

This feed is scientifically designed for the intended species of animal and should not be fed to any other animal. It may contain medication and ingredients that may prove harmful if fed to other species.
Ver: 2.0
